# ABOUT US

---

Established in the year 1975, by visionary Uday Phansalkar, Fans Bro Erectors has become one of the most trusted and quality-driven manufacturers, exporters and suppliers of equipment for the food processing industry. Uday Phansalkar is our mentor and guide who is the main contributor in the excellent growth of the Company. His wisdom, confidence and leadership excellence are commendable that has taken the company to greater heights. Uday sir's management skills and rich experience has helped the company to expand business in other countries and is responsible for securing a reputed position in the industry.

We manufacture, supply turnkey products like Industrial Roasting Machines, Industrial Screw Conveyor Machines, Industrial Cooling Blender Machines, Industrial Ribbon Blender Machines, Industrial Spice Roasting Machines, Grain Roasting Machines, Cereals Roasting Machines, Pulses / Dal Roasting Machines, Flour Roasting Machines, Seeds Roasting Machines, Dry Fruit / Nuts Roasting Machines. We are pleased to introduce ourselves as one of the leading contractors hailing from Mumbai base. We have gained enough reputation and confidence from our reputed organizations for whom we have given our services since 1975 at different sites in India. Earlier in our service life we had held responsible posts in renowned engineering companies.

Today, we are among the trusted engineering companies having the production capacity of 6 to 7 machines per month, which supports us in serving the needs of many customers across the globe, especially Asian Countries & UAE. We have set up a company which works to develop new technologies and bring substantial or minor qualitative improvements in our products. Its dedicated and honest work has made "Fans Bro Erectors" a reputed name in the industry. With setup, we are able to deliver excellency in every product and service.

We are a partnership concern of family members who have gained sufficient knowledge in executing various types of jobs at different sites. The company strongly believes in the degree to which a product or service meets or exceeds a customer's requirements and expectations. The organization simply says, quality is generally whatever the customer says it is.

At Fans Bro Erectors, we are well-equipped with technology to design the optimum performance Coriander/Dhaniya Roasting Machine and are renowned in designing the best customized version to meet specific criteria and are with industry-leading engineers who provide you excellence with innovation. Fans Bro Erectors' success is based on extensive product range, top-notch engineering, more than 45 years' experience, and guarantee of after-sales service and consultation support.

Our specialisation is in the field of Blending, Roasting & Cooling systems. So far we have installed more than 1000 installations all over INDIA & also Asian, African & gulf countries like Sri Lanka, Nepal, UAE, South Africa, Trinidad & Tobago, Mauritius, Philippines, Nigeria, Somalia etc. We have a large list of satisfied end users, who have shown confidence in quality & after sales service by way of repeated orders over the years.

## WE ARE INTO

---

*Manufacturing of Roasting, Blending and Cooling Systems used in various process industries such as*

- 1) Food Processing
- 2) Chemical
- 3) Fertilizers
- 4) Starch / Dextrine

## EQUIPMENTS MANUFACTURED BY US ARE

---

- 1) Roasters - Electrical / Gas Heating
- 2) Ribbon Blenders
- 3) Cooling Blenders
- 4) Paddle Blender
- 5) Screw Conveyers - Round / U Shape

## OUR SPECIALTY IN

---

### *Blending System*

For Blending powders and Granules type products

### *Roasting systems*

For moisture reduction, or roasting of products. Specially used for Spices industry and ready to cook instant premixes, starch etc

Experience of **more than 800** installations all over India and exported to Asian & African countries.
